Sir/ Madam,

As you are aware that AICTE has taken various Quality initiatives in the field of Technical education and for enhancement of employability of engineering graduates which is one of the major concerns of Government of India.

One such initiative is mandating all AICTE approved Technical Institutions to sign MoU with at-least 5 Industries for strengthening Industry-Institute interaction. This will also help in faculty development, industry allied curriculum and industrial exposure to students & faculty.

Better interaction with industry will lead to greater testing and consultancy activities, joint research projects and start-ups that can complement and supplement the Industry needs. A Sample MoU covering all possible collaborative initiative is enclosed herewith.

These Industries are also to be registered at aicteinternships.in (AICTE Internship Portal) in order to improve the internship opportunities for students. The process flow for the same is enclosed herewith.

The progress in this regard will be monitored regularly as Quality Education Mandate.

With regards,

Yours's Sincerely

Prof. M.P. Poonia
